Investment in Surface Transportation Is Not Keeping Up With Needs:

- Estimated Funding: $941 Billion
- Total Need: $2.042 Trillion
- 1.1 Trillion Investment Gap

Solutions to Raise the Grade:

- Fix the Highway Trust Fund by raising the federal motor fuels tax and explore alternative, long-term funding mechanisms.
- Increase and ensure investments at all levels of government to reduce the backlog of rehabilitation needs.
- Use asset management best practices to prioritize projects and improve the condition, security, and safety of assets while minimizing costs over their entire life span.
